## DOG DAYS OF SUMMER

We've had quite a summer—hotter than Florida! Went three weeks without the grass being mowed since there was no grass growing in this heat. The heat seems to have lightened up a little, and the seriously needed rain has brought back some 'green'. The pool has been busier than ever and everyone is enjoying their time there, even between recent thunder storms. One month to go, let's make the best of it!

## REMEMBER

No glass of any kind is permitted within the pool area.

## REMEMBER

To please sign in when going to the pool!

*FYI: Agenda item at the August meeting is updating of the Declaration. The latest copy of revisions has been received from GCLO's legal counsel for GCLO Council to review. Remember, after the Declaration is finalized by Council, unit owners will vote on this; therefore, you will be given the Council-approved copy and the responsibility of voting for approval before it is filed in the Westmoreland County Courthouse.*

Thanks to Kara Haskins for weeding the hillside at the pool. We are most appreciative to Kara for the time and sweat put into this very ugly job.

Still having bee and wasp issues? Please contact Tom and he will get in touch with the 'Bee Man'. This is a serious issue this summer. Nests are being built in places where we don't expect them to be, such as inside grills and small holes in bricks, outdoor furniture and lamp posts. And.....they don't like to be disturbed!

Landscaping is completed on Williamsburg Lane. With the recent rain, watering has not been a problem, so much thanks to anyone who helped water our new plants before the weather turned wet.

New fences have encouraged residents to update their patio areas, and a lot of good stuff is being accomplished. Remember, you have 13 feet from your back door (within your fence area) to landscape as you please.

So Proud!
